

The Compensation Plan

Part 1: Ad Packs

Members Buy \$10 Ad Packs

- Each \$10 Ad Pack earns \$0.20 daily (\$0.10 Sat/Sun)
- Ad Packs expire when \$15 is earned
- \$10 Ad Packs earn \$15 each in approximately 90 days
- New members receive 1 Ad Pack FREE that will earn \$5 profit
- Receive 200 views in Traffic Xchange per Ad Pack
- Can buy up to 5,000 Ad Packs a day
- Maximum 25,000 active Ad Packs per member

Ad Packs Example:

Buy 100 Ad packs for \$1,000

- Monday to Friday, you earn \$20 each day
- Saturday & Sunday, you earn \$10 each day
- In approximately 90 days, you will have \$1,500
- You can withdraw the Daily Earnings each day
- OR you can buy more \$10 Ad Packs!
- If you buy new Ad Packs each day and don't withdraw anything for 90 days....

You will have purchased a total of 440 Ad Packs!

YOU READ THAT RIGHT!

440 Ad Packs in 90 Days!

- Day 1: You purchase 100 Ad Packs
- Day 2: From now on, purchase as many Ad Packs as you can with your Daily Earnings
- Day 90: You will have purchased 440 Ad Packs
- Your initial 100 Ad Packs have expired on day 90, however...
- Day 91: You still have 340 Ad Packs Earning Daily
 - 100 Ad Packs earn \$20 each day to buy 2 more...
 - 200 Ad Packs earn \$40 each day to buy 4 more...
 - 400 Ad Packs earn \$80 each day to buy 8 more...
- Use your Daily Earnings to buy Ad Packs every day!

Now The Best Part!

- You can withdraw your Daily Earnings anytime you want as long as you have at least \$20
- You can choose to withdraw some and continue to purchase more Ad Packs with the rest
- Many members choose to withdraw 25% each day and buy more Ad Packs with 75% (using the 25/75 Rule)
- It's up to you to decide what is best for you
- As long as you continue to buy more Ad Packs, your Daily Earnings will continue to pay you generously!

What Is Your Strategy?

- You must decide two things:
 - How many Ad Packs can you afford to buy?
 - How much do you want to withdraw each month?
 - Your answers will determine how long it will take
- EXAMPLE: You want to withdraw \$1,000 per month
- You can easily calculate ($\$1,000 / 30 = \34 per day)
 - Following the 25/75 Rule, if you withdraw \$34 per day, you need to earn \$136 each day ($\$34 / 25\% = \136 per day)
 - To earn \$136 each day, you need to have 680 Ad Packs ($\$136 / 2\% = \$6,800$)
- How fast can you buy 680 Ad Packs?

That's How ACX Ad Pack Works

- Have some fun with Part 1!
- Use the ACX Calculator on the Dashboard page to start planning your financial dream
- Decide your strategy, then buy as many Ad Packs as you can afford
- Remember to view enough websites each day
